

CARRIAGE HOUSE DELIVERY INTRODUCES (J.E.T.) JUNIOR ENTERPRISER TEAM

Spread the love

The summer of 2022 brings exciting things to Tampa as Carriage House Delivery introduces their Junior Enterprisers Team program, J.E.T. This program is an open opportunity for all teens between

the ages of 14 and 17. This program allows young entrepreneurs to shine as the opportunity provides education, training, and hands-on experience in the delivery service industry.

This summer, teens across Tampa have the opportunity to participate in J.E.T.'s pilot program before it expands across all Carriage House service areas. These junior workers will be able to work with like-minded people to build a skill set that will last a lifetime. The skills and experiences gained through participating in this employment program can also serve as a great foundation to add to resumes, college applications, and scholarship applications. Set yourself up for success by applying to join the Junior Enterpriser Team at Carriage House Delivery.
